## **QUALITY POLICY**

We are committed to provide the best quality work in the field at optimum cost within stipulated time.

The bases for competition no longer just focus on cost, but on other key success factors such as quality, flexibility, service and innovation.

Quality Control is a set of procedures intended to ensure that the construction process is sufficiently high quality. Of course the quality criteria should meet the requirements of the customer,

Endure Building Contracting has quality standards that the construction process must apply. We are proud of our work standards which are respected and followed by all company staff. We believe that company quality control standards have the ability to satisfy stated or implied needs.

According to Endure Contracting the money spend by the customer is the reflection of the expectations of quality.

Another Most important criteria followed by Endure contracting is the timely completion with all standards.

So mainly M/S Endure Contracting is concentrating on below steps :

- ☐ To deliver a work which satisfies the client with quality of the work and timely completion. For this, the management of quality control has to be planned to reflect all construction stages
- ☐ How to set the quality standards required by customer.
- ☐ How to define and apply construction methods and how to choose equipments, materials and personnel.
- ☐ How to discover any quality deficiencies and to correct them.

## **SAFETY POLICY**

Endure Building Contracting L.L.C. holds health and safety as core business value and is committed to creating a future free of incidents and injuries, where: Leadership, passion and commitment are present at all levels working safely enhances quality, improves productivity and generates value. Attitude and behavior replace statics as a measure of success people are enabled to make safe choices about their own and their neighbor's safety and to challenge the environment in which they work. Good safety behavior is admired, respected and recognized across the organization. We have a well-trained and fully competent workforce who actively contributes to the safe planning of their work.

The Management of Endure Building Contracting L.L.C. fully endorse this policy. They will ensure that a documented Health, Safety & Environmental Management System is maintained in line with **OHSAS 18001:2007, Health and Safety management systems** containing the arrangements and organizational details of how these requirements will be achieved. The Boards will ensure that the Management System is periodically reviewed to ensure it remains legally compliant, achievable, relevant and credible.

Continual improvement will be achieved by effective implementation of the above. Everyone working for Endure Building Contracting L.L.C. is required to support and promote this policy and comply with the requirements and duties contained in the SMS – Safety Management System.
